OBJECTIVE

Highly motivated engineering student with strong analytical and problem-solving skills, proficient in Python and web development. Seeking an entry-level software engineering role to apply my technical knowledge, contribute to innovative software solutions, and grow professionally.

SKILLS AND INTERESTS

Programming Languages	C, Java, Basic Python
Frontend Technologies	HTML,CSS,JavaScript
Database	SQL,PHP
Academic Coursework	Operating System, DBMS
Soft Skills	Critical Thinking, Time Management ,and Leadership Quality

EDUCATION

SDM INSTITUTE OF TECHNOLOGY	2023-2027
Bachelores of Engineering in Information Science Engineering--CGPA:8.4	
GOVT H BENNE PU COLLEGE, NELLIKERI KUMTA	2021-2023
Intermediate(PCMB)--Percentage:77.8	

PROJECTS

Verify Pay

- Developed a secure payment verification system to authenticate and validate online transactions efficiently.
- Implemented verification mechanisms to enhance transaction security and reduce fraudulent activities .

Diagnosis of Skin using Deep Learning and Image Processing

- Developed a skin disease detection system using deep learning and image processing techniques for accurate diagnosis. Applied machine learning algorithms to analyze medical images and improve prediction accuracy.

SANDBOX-Based Email Verification and Detection System

- Designed a sandbox-based email verification and threat detection system to identify phishing emails, spam, and malicious attachments.
- Improved email security by safely analyzing suspicious content in an isolated environment.

CERTIFICATIONS

- **C Programming Course-** Infosys Springboard
- **Python Essentials-** Cisco Networking Academy
- **Introduction to HTML and CSS-** SimpliLearn
- **AI Fundamentals with IBM Skill Build Course-** Cisco Networking Academy

ACHIEVEMENTS

Web Development Intern – InternPe (October 2025 – November 2025): Worked on designing and developing responsive web pages using modern web technologies. Contributed to improving website layout, styling, and user interface to create visually appealing and user-friendly web applications.

HOBBIES AND INTEREST

- Learning New Technologies
- Programming and Coding
- Problem Solving
- Listening to Music
